

# Personal Finance

Help students learn personal money management skills to help them kick-start their finance journey.

JA Personal Finance is a self-directed, online program for students in Grades 9 to 12. The program teaches key money management skills including spending wisely, budgeting, saving, and using credit. Students learn by doing fun, relevant activities and can apply the lessons learned to help them succeed tomorrow.

## Key Learning Outcomes:

- Provide students the ability to recognize the role income plays in personal finances
- Help students consider the types of expenditures that might go into a monthly budget
- Express the need to make good credit decisions to avoid costly consequences

## Online Program Format Options:

**Teacher-led self-directed** program with access to digital resources, online learning platform, JA staff support & individual student logins

**Student self-directed** program (students register independently) with access to our online learning platform and digital resources

Online programs take 2-4 hours, and students can complete this at their own pace in one sitting or over several days.

# Personal Finance

## Program activities include:

Discover the importance of emergency savings funds and credit cards

Learn how to manage finances at different stages of life

Create a monthly budget

Identify a good deal and make good decisions about credit cards and loans

Learn how to recognize potential risks to your personal finances
