

# Dollars with Sense

## Grade 7 Curriculum Correlations

JA programs align with several aspects of the Ontario Ministry of Education curriculum and priorities. Below are examples of how this program can be used to achieve some of the required learning outcomes of the financial literacy curriculum.

The JA program also aligns well with the following areas of the grade 7 curriculum:  
*Social-Emotional Learning Skills, Math & Language*

FINANCIAL LITERACY		
Curriculum Learning Objective	Curriculum Description	JA Program Connection
F1.1 Money Concepts	Identify and compare exchange rates, and convert foreign currencies to Canadian Dollars and vice versa.	Students will identify different foreign currencies. They'll also look at examples of converting money to and from the Canadian Dollar.
F1.3 Financial Management	Create, track and adjust sample budgets designed to meet longer-term financial goals for various scenarios.	Students will create a project budget. Given a scenario, they'll calculate the income and expenses to ensure they finish the project with a profit.
F1.4 Financial Management	Identify various societal and personal factors that may influence financial decision making, and describe the effects that each might have.	Students will look at the different influences they may have when it comes to making a purchase. They'll need to determine the influence for each scenario.
F1.5 Consumer and Civic Awareness	Explain how interest rates can impact savings, investments, and the cost of borrowing to pay for goods and services over time.	Students will look at different forms of payment they can use for expenses. They'll also learn about credit, and the effects this has on their credit score.
