

Economics for Success

Help middle school students prepare for the world of work and give them the financial tools they need to thrive!

JA Economics for Success is an online program for students in Grade 8. This is an interactive tool that helps young learners develop a better understanding of life after high school and how to live independently.

Virtual Volunteer-Led Program

- ▲ JA volunteer(s) will run the activities and facilitate the program using an online video conferencing tool
- ▲ Online program is 90 minutes
- ▲ Teacher should set up access and remain on the line for the duration of the presentation
- ▲ JA will provide additional activities/resources for teachers who would like to continue the learning

Teacher-Led Program

- ▲ Teachers can run the program with their class and facilitate all the activities
- ▲ JA will provide access to the JA Campus with the online resources
- ▲ Teachers can run the program at their own pace
- ▲ Program usually takes 2-4 hours to complete

Economics for Success

Program Activities Include:

- ▲ Develop long-term goals
- ▲ Explore potential career clusters
- ▲ Gain an understanding of the cost of living
- ▲ Prepare a monthly household budget
- ▲ Discuss how to adjust budgets in different scenarios

The JA program can be beneficial in assisting you to meet your goals with the financial literacy curriculum.

“The JA program was such a valuable experience for my students, and fit right into our financial literacy math unit. Thank you!”
