Start here - Register your class

Students will:

- Record deposits and withdrawals using a money tracker
- Identify businesses they would like to start
- Learn basic steps for starting a small business
- Develop a basic business plan
- Understand how a business loan works and identify traits of a trustworthy borrower

“

“After participating in the program, one of my students started his own business. He used a 3D printer to create nose clips and is selling them by networking! I highly endorse this program and will definitely use it again.”

-Grade 4 Teacher, 2021
